Capital Markets

Riva y García-1877, S.V., S.A. was incorporated as a Brokerage Firm in 1992, joining in 1994, and subsequently becoming a shareholder of the holding company Bolsas y Mercados Españoles (BME). The Riva y García Financial Group channels the company's activity in the national and international capital markets through its trading desk, with a global business vision which seeks to develop and maintain relationships with individual and institutional clients.

Riva y García-1877, S.V., S.A is also a member of Iberclear, the Spanish central securities depository responsible for the accounting records and the offsetting and settlement of securities listed on the Spanish stock exchanges, the public debt market and the fixed income market, as well as Latibex, the Latin American securities market.

Daily monitoring and analysis of securities and the market enables us to offer continuous advice to make the required decisions in an internationalised and constantly changing market. The quoted companies' good profit performance has directly led to an intensification in Riva y García's brokerage activity.

The high level of activity that Riva y García has seen in recent years has meant that the company has been transformed into a Brokerage Firm, enabling its activity domain to be expanded as an issue underwriting company.
