

# Private Asset Management and Consultancy

Riva y García-1877, S.V., S.A. manages private asset and securities portfolios for companies and individuals, as well as public and private institutions.

Riva y García-1877, S.V., S.A. has a human and technical team with extensive experience in asset management and administration.

Following an analysis of each client's particular situation, the Riva y García professional team will jointly define the management strategy which best fits the client's investment needs, evaluating the following aspects:

- the need for access to the invested capital
- the target investment period
- the client's tax situation
- their risk profile

Financial Consultancy Agreement: consultancy on the client's overall assets irrespective of where their investments are deposited.

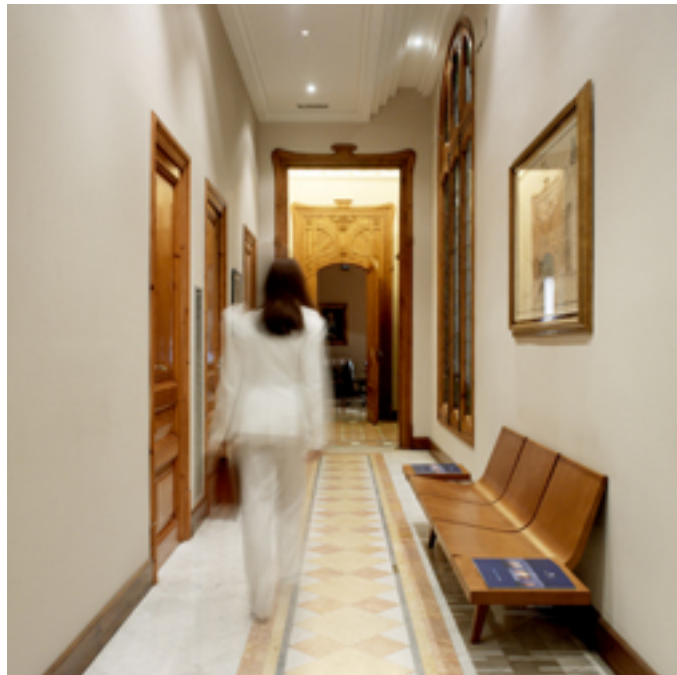

The Riva y García management team is in constant contact with the best market analysts and has access to a great deal of information on the evolution of different markets, thereby ensuring that the decision-making process is as beneficial as possible for our clients.

The Riva y García Administration department provides the clients with information on a regular basis:
